

Sediment Retention Pond Decant Systems

Manufactured in accordance with the Auckland Regional Council TP90, the Cirtex T-Bar Decant System is a quick and easy solution for dewatering Sediment Retention Ponds and Decanting Earth Bunds.

- Available in 40mm, 110mm and 160mm (160mm made to order)
- Saves time on site with minimum assembly required
- TP90 compliant

Each System includes the following items

- PVC Pipe cut to size and pre-drilled holes
- T-Joiners
- End Caps
- Flexi Couplers
- 1.8m Y Posts
- Rope
- Pulleys

What you need to install a T-Bar Decant

- Glue (to connect pipe fitting for 110mm and 160mm sizes)
- Screwdriver (to tighten Flexi couplers)
- Manhole riser
- Discharge pipe
